

ILRC Anti-Fraud Comics

These comic books are being made available to non-profit agencies and organizations in the nine Bay Area counties that are gathering places for families and communities. We want to make sure that these comic books, which we have spent a great deal of time and money producing, are put to good use, and made available to the people who will benefit from them.

What are ILRC's Anti-Fraud Comics?

ILRC has produced 3 versions of a comic book designed to educate the public about the dangers of immigration fraud. The comic books were developed for distribution throughout the Bay Area and provide people with information, referrals and other support to deal with the most common types of immigration fraud scams which include: "Cancellation of Removal Scam," "Labor Certification Scam," "Naturalization Scam" and "the New Amnesty Scam."

Why is this information important?

Immigrants and their families need to be very careful when seeking out help with their immigration papers. Too often immigrants and their families are victimized by dishonest and unscrupulous notarios who promise their clients a green card and then steal their money, and, sometimes get them deported.

How to Order

For this first round of printing ILRC can send you 20 ENGLISH; 20 SPANISH and/ or 20 CHINESE versions of the comic books (minimum quantities). If you require more please indicate how many and which additional languages you require.

For more information about the Fraud comics please contact Timothy Sheehan at tsheehan@ilrc.org or at 415-255-9499 ext. 743.

Ordering Information

To receive your order of comics, please provide us with the following information:

Quantity of Comics

(Please place orders in multiples of 20 with a maximum order of 500. For quantities over 500, please contact us directly)
